The suite of services we offer our students includes financial aid, counseling, free tutoring support for students with disabilities; career planning, student activities, support for veterans, and more. Your counselor can introduce you to the services appropriate for your circumstances.

For those of you interested in going on to a four-year college or university, we have many associate degrees and transfer programs. If you are seeking to upgrade your skills to find new employment, we have successful programs offering certificates of achievement. If you are simply continuing in your pursuit of life-long learning, then you have lots of choices as well, especially through our non-credit and Community Education offerings.

QUALITY EDUCATION at an Affordable Price (see chart in printed schedule)

As a full-time student at Solano Community College (SCC), you can expect to pay a little more than \$1080 in annual fees (30 units at \$46/unit). You'd pay more than \$ 5,778 a year at a California State University (CSU) campus and \$11,893 at a University of California (UC) campus. SCC offers lots of financial aid options and scholarships to help you maximize your financial resources.

*Applies to California residents; excludes cost of textbooks, materials fees, transportation/parking, and room & board. Fees subject to change due to State budget.

INCREASE YOUR EARNING Power

The average lifetime income of a SCC graduate with an associate degree is more than \$1 million—about \$250,000 more than a person with only a high school diploma. SCC graduates earn as much as twice the State's average wage in some cases. Employers also recognize the value of an SCC education. Many SCC students receive job offers immediately upon completion of our highly popular technology and healthcare career programs.

INCOME and Education

Associate of Arts and Science degree holders earn 22% more than those with a high school diploma.

TRANSFER to a Four-Year University

Solano Community College is the place to begin your B.A. degree! You are able to complete lower division general education and major preparation courses prior to transferring to any public, independent, or out-of-state college or university of your choosing. Solano students may be guaranteed admission to many UC and CSU campuses through Transfer Admission Guarantee (TAG) programs. It is important to work closely with your Solano counselor to develop an appropriate educational plan. Please visit the Transfer Center in Room 438 or ask your counselor for more information.

HEALTH FEE EXEMPTIONS

Since the provision of health services is very expensive and the California Community College system does not have sufficient funds to subsidize student health services, the State Legislature mandates that the burden of supporting a student health center will be shared by all Solano Community College students through a general fee, regardless of whether they utilize the health center or have their own insurance.

The following students are exempt from paying the mandatory health fee:

- (1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.
- (2) Students who are attending a community college under an approved apprenticeship training program.

Students who fall within any one of the two grounds for exemption may apply for a fee waiver by submitting a written request to the Office of Student Development.

NOTES:

Closed Classes – If the class you want to take is closed, DON'T GIVE UP! Before the semester begins choose another section of the class that may still have seats available, OR when the class begins, get permission from the instructor. To obtain permission:

- Go to the first class meeting.
- If space is available, the instructor will give you an add authorization code.
- Add online using your Add Authorization Code.

Permission Required Classes – Review the class information in the schedule of classes to obtain contact information for instructions on enrolling in a class that needs special approval.

Class Canceled – A canceled class is one that is not going to be offered that semester for various reasons. You need to choose an alternate class.

Duplicate Section – You cannot enroll in two sections of the same class during the same semester.

Time Conflict – You may not enroll in two classes that overlap in time. Check the scheduled class times carefully when planning your schedule.

ATHLETICS

Students should be aware that there are inherent risks involved in any physical education class. Students must notify the instructor of any medical condition they have, or have had in the past, that may impact their ability to participate in the class. **Discipline Note:** Intercollegiate athletics is for those students who wish to compete against other students at an advanced level of sport from other community colleges. To be eligible, student-athletes must be continuously enrolled in a minimum of 12 units during the semester of competition. For second year of competition, the student-athlete must have completed 24 units between seasons of competition with a minimum of a 2.0 grade point average.

Discipline Note: 1 hour per week is required in the MATH ACTIVITES CENTER (MAC) for all math students (except Math 12, 22, 23, 40, 114, 118, 160, & 310). Failure to attend the MAC for your required lab hours will hurt your grade in the class. You may be dropped from your course for non-attendance if you do not fulfill your lab requirement, even if you are passing the exams in the class and doing all other assignments. MAC at the Main campus is located in room 1525.

Online Classes

Solano Community College offers two types of Internet classes for credit: online and hybrid classes. Online classes are taught over the Internet and hybrid classes are taught partly over the Internet and partly in the classroom. These classes have regular assignment schedules and reading material and the same learning requirements as traditional classes. Participation in online sections and hybrid sections require that students have a computer with Internet access and a web browser. The individual classes will also have additional requirements such as a textbook and possibly a specific software program to be used. You might also have to come to campus for an in-person exam.

Online: These classes utilize the Internet to create an educational experience that can be completely independent of time and place. Students still purchase textbook(s) and take tests, but they do the majority of the classwork at a computer connected to the Internet. They work according to their own schedule, at home, in the office, or on open access computers on campus in the library. Course materials, the syllabus, assignments, tests, and links to other Web resources, are contained on the course site. Students communicate with their instructor, and each other, by sending and receiving email and by participating in “threaded discussions.” These are discussions that continue over time where students drop in to read the comments

and to add their own. While online classes may not be for everyone, they are well-suited to students who are self-motivated, who have access to a computer, who may have busy schedules and who may not be able to travel to campus for classes with specific meeting times.

Hybrid: These classes use a combination of the face-to-face and online formats. Some activities will be conducted in a group (traditional class) format and some activities are conducted (online). These classes offer the best of both worlds - flexibility with the online portion and the sense of being in a group with the traditional class meeting

Academic Integrity

HONOR CODE

At Solano Community College, we believe that Academic Integrity is fundamental in an institution dedicated to personal development through learning, free inquiry, and the exchange of ideas. Honest work is an integral part of the learning process: it builds self esteem, knowledge, and skills. It is the responsibility of every Solano Community College student to represent work truthfully and engage honestly in all assignments.

We believe that any instance of academic dishonesty hurts the entire college community. Solano Community College defines academic dishonesty as:

- Plagiarism or knowingly or unknowingly using someone else's ideas, words, or thoughts without giving credit to the source
- Receiving or providing unauthorized assistance on assignments and/or exams
- Using unauthorized materials during an exam
- Fabrication of data or references
- Denying others access to information
- Forgery, alteration, or misuse of documents, records, or identification

Solano Community College will not tolerate Academic Dishonesty.

You are responsible for this information as well as the information available in the Student Handbook, the Schedule of Classes and the Solano Community College Catalog, which is available online at www.solano.edu.

At the heart of any institution of higher learning is the fundamental right of Academic Freedom for which Honesty and Integrity are preconditions. Academic Integrity is therefore fundamental to the Solano Community College community. Academic Integrity is maintained only when all academic work is the product of identified individuals. Any act of Academic Dishonesty interferes with Academic Integrity and therefore the core values of this institution. All violations of Academic Integrity on the part of any member of the academic community constitute a serious offense. Examples of Academic Dishonesty include:

Plagiarism:

Plagiarism consists of taking the exact words or the specific substance, structure or ideas of another and passing these words or ideas off as one's own in any academic exercise. The following examples are some of the many forms plagiarism may take.

1. Submitting a term paper, examination or other work written by someone else. This includes extended paraphrasing of another's work or research. This is a flagrant instance of plagiarism.
2. Failure to give appropriate credit for ideas, statements of facts, conclusions, or exact words derived by another either in the text or as a footnote.

3. Failure to use quotation marks or appropriate indents when using the exact words of another, whether it be a paragraph, a sentence or even a portion thereof.
4. Usage of any electronic media without providing proper citations, including the Internet, email, copied postings, or any other source of information available electronically.
5. The citing of a source which does not reasonably conform to these expectations, such as another plagiarized or otherwise undocumented paper or other resource.

Plagiarism can, in some cases, be a subtle issue. Any questions about what constitutes plagiarism should be discussed with the faculty member or a Solano Community College faculty librarian.

Cheating:

Cheating is the usage of unacknowledged or unauthorized notes, materials, information, calculators, electronic devices, or study aids in any academic exercise. Cheating also includes: using information from another student or student's paper; altering a graded work after it has been returned then submitting the work for re-grading without instructor permission; submitting another's work under one's own name. Students must not request others (including commercial term paper companies) to conduct research for them. Students may be restricted from leaving the classroom during an exam period.

Fabrication:

Fabrication is the falsification of any information or citation in an academic exercise. Fabrication includes presenting data not gathered in accordance with guidelines defining the appropriate methods for collecting or generating data or failing to include an accurate account of the method by which the data were generated or collected. "Invented" information may not be used in any laboratory experiment or other academic exercise without authorization from the instructor. The student must also acknowledge reliance upon the actual source from which cited information was obtained. A writer should not, for example, reproduce a quotation from a book review and indicate that the quotation was obtained from the book itself.

Facilitating Academic Dishonesty:

Students who knowingly or negligently allow their work to be used by other students or who otherwise aid another student in violating Academic Integrity are guilty of Academic Dishonesty even though they may not benefit directly from the violation. Facilitating Academic Dishonesty includes making one's research, notes, essays, or other work available for other students to access such as uploading one's work to the Internet or making it otherwise available.

Denying Others Access to Information:

It is a violation of Academic Integrity to deny others access to scholarly resources, or to deliberately impede the progress of another student or scholar. Examples of offenses of this type include: giving other students false or misleading information; making library material unavailable to others by stealing or defacing books or journals, or by deliberately misplacing or destroying reserve materials; or altering computer files that belong to another.

Forgery, Alteration or Misuse of Campus Documents, Records, or Identification or Knowingly Furnishing False or Incomplete Information to a Campus:

It is a violation of Academic Integrity to alter documents affecting academic records. It is also a violation to forge a signature of authorization or to falsify information on an official academic document, election form, grade report, letter of permission, petition, or any document designed to meet or exempt a student from an established College academic regulation.

Sanctions:

All violations of Academic Integrity are subject to an appropriate penalty. Violations at Solano Community College are classified into three levels according to the severity of the infraction and the discretion of the instructor and/or Executive Vice President Academic & Student Affairs. For each level of violation, a corresponding set of sanctions is recommended. These sanctions are intended as general guidelines as culpability may be assessed differentially for those with more and less experience as members of the academic community. Examples are cited below for each level of violation. These examples are illustrations and are not meant to be considered all-inclusive.

Any violation of Academic Integrity which occurs within the classroom or the context of a particular class may incur Level One or Level Two sanctions at the discretion of the instructor. The instructor may also choose to refer the student to the Office of the Executive Vice President Academic & Student Affairs for possible further action at the discretion of the Executive Vice President Academic & Student Affairs, including Level Three sanctions.

To refer students to the Office of the Executive Vice President Academic & Student Affairs, faculty may contact the Office of the Executive Vice President Academic & Student Affairs directly or use the Solano Community College Academic Dishonesty Report Form.

For a complete copy of the Academic Integrity policy, please refer to the SCC online catalog.

Acknowledgements:

The Academic Integrity description was updated in Spring 2005 by a committee composed of SCC faculty appointed by the Academic Senate. Comments and suggestions were made by deans, faculty, students, and staff in the various academic units. The previous SCC academic integrity description and the policies/descriptions of other major public institutions were consulted, especially Rutgers University, New Brunswick. Solano Community College is indebted to all those who have contributed their ideas.
