They spoke of building relationships with students and the governing board and ensuring that student voices matter.

(b) Academic Senate

Prof. Michael Wyly presented the following statement for inclusion in the minutes in their entirety: President Young, Vice-President Martin, Trustees of the Board, Colleagues and Members of the Public:

Good evening. Since my last report to the Board, your Academic Senate has met three times, on September 21st, October 5th and October 19th. Consequently, I have a number of action items to present as well as key information item I would like to bring to your attention.

At its September 21, 2015 meeting, the Senate took action on two items:

1. The Academic Senate voted its support of changing the name of Shared Governance to the College Governance Council, as proposed to Shared Governance by Superintendent-President Arterberry;
2. The Senate also voted to amend its goals to accommodate the results of its surveys to include an increased education campaign on the purview of the senate with emphasis on the 10+1 as well as increased communication between the senate and the campus community. To the latter point, in addition to regular senate reports, the senate now issues a bi-monthly newsletter to all faculty to empower further senators' advocacy of their respective constituencies. I have provided a printed copy of the latest newsletter—dated October 19<sup>th</sup>, 2015—for your information. To this end, I would like to acknowledge the work of Librarian, Senator-at-Large and Senate Secretary Erin Duane who designs and maintains these newsletters.

At its October 5, 2015 meeting, the Academic Senate took action on the following items:

1. The Senate voted its support for the document titled “Request for Qualifications and Organizational Review Submissions” present by Superintendent-President Arterberry to the Shared Governance Committee and directed its president to vote in its favor at the next meeting of College Governance Council. As such, I have requested that this item be placed on the College Governance Council agenda for its November meeting.
2. The Senate also voted its support for the changes in language to the proposed ILOs and GELOs as presented to the Senate by VP Minor on behalf of the Executive team, and directed its president to vote in their favor at the next meeting of the College Governance Council. Again, I have requested that this item also be placed on the November CGC meeting.
3. The Senate affirmed of its support of the proposed Institutional Set Standards as presented by VP Minor.
4. The Senate appointed President Michael Wyly and Senator Janene Whitesell to the Peer Review, a taskforce proposed by the senate and charged with working with representatives of the Faculty Association and Administration to develop a proposed process and procedures for Peer Review/Evaluation.
5. The Senate voted to direct its President to sign the BSI report and budget as proposed by BSI Coordinator and Basic Skills subcommittee chair, Josh Scott.

In addition, the academic senate heard presentations by representative faculty from Counseling, specifically colleagues from Disabled Student Programs. We also hosted VPSS Greg Brown to work with the Academic Senate to facilitate clearer understandings of Student Support and Success [SSSP] program planning and Student Equity Planning [SEP] and to present to the senate the draft SSSP plan. Finally, Dean Shirley Lewis and adjunct music faculty Andrew Wesley presented to the senate on its existing programs at the Solano Prison in an appeal to urge faculty to teach at related off-site locations.

Each of these conversations resulted in action items at the October 19<sup>th</sup> meeting of the senate, the results of which follow:

1. The Academic Senate voted to direct its president to sign the SSSP plan prior to its submission to the CCCCCO at the end of October. I would like to thank VP Brown and Dean Mouton for their presentation to the senate as well as for their renewed commitment to the inclusion of appointed faculty on SSSP advising and planning teams.
2. The Academic Senate voted in favor of the recommendations of DSP faculty and directed minor amendments to a proposed resolution to this effect. In short, the forthcoming resolution voices senate support for the restoration of services denied DSP/LD students since the elimination of block grant funding for these programs in 2009, including an LD resource instructor, the provision of testing for our students, and the restoration of key support services such as paid student note-takers and support services and personnel for adaptive kinesiology courses. I expect to deliver the formal resolution to the board with my next report.
3. The Senate approved a resolution in support of the Partnership between the Department of Corrections and Rehabilitation and SCCD, as presented by Dean Lewis and Professor Wesley. I have provided copy of the whole resolution for your review, the resolves of which read:
  - a. **RESOLVED**, that the Academic Senate of Solano Community College is in full support of the development and expansion of an SCCD educational program that partners with the Department of Corrections and Rehabilitation to provide college courses to inmates of CDCR facilities;
  - b. **RESOLVED**, that the Academic Senate of Solano Community College communicate strongly to Solano College faculty, its support and encouragement of the staffing of courses which serve our incarcerated students.

In addition, the senate hosted Mr. Zach Freeman and Dr. Rischa Slade, who represented the student body in their appeal for advisors for a host of campus clubs. Currently, Dr. Slade and Dr. Lewis have worked to serve many clubs across campus in absence of a sufficient number of advisors. The Senate agreed to work both to petition our colleagues to work with existing clubs as well as to work with the student representatives to build a better way to connect student clubs with potential advisors.

Too, the senate initiated its conversations on the definitions of upper division course work and upper division GE to conform to ASCCC guidelines as well as to inform our curriculum approval process in preparation for the BS in Bio-manufacturing program. Significantly, the senate also discussed the recommendations of its BSI Coordinator and Committee. Significantly, BSI Coordinator and Committee Chair, Professor Joshua Scott, presented data which analyzed success data for our BSI courses; more specifically, it compares pass rates with persistence rates. Professor Scott also presented to the senate the committee's recommended solutions, some of which are already in motion at Solano College. Finally, he asked directly for the senate's support in the actualization of the committee's recommended solutions; as such, the senate directed me to request a resolution for the senate to consider at its next meeting on November 2. I have provided for the Board of Trustees the handout discussed for your information.

Finally, on behalf of Solano College, I will attend the Area B meeting of the ASCCC this Friday, Oct 23. Moreover, Senate VP LaNae Jaimez and I will attend the 2015 Fall Plenary of ASCCC on Nov 5-7 in Irvine, CA.

(c) Shared Governance Council

Dr. Leslie Minor, Vice President of Academic Affairs and chair of Shared Governance Council, provided the following report from the October 14<sup>th</sup> Shared Governance meeting. The Shared Governance Council will now be called the College Governance Council. The Council discussed the budget as presented by VP Ligioso and heard a human resources update by Dr. Larson. Dr. Crawford presented an introduction to NovusAGENA agenda management system and provided an overview of board policy updates. The meeting concluded with a review of the Governing Board agenda for the October 21<sup>st</sup> meeting.

(d) Superintendent-President

SP Arterberry provided the board with an update on his meetings with areas superintendents and shared comments from his meeting with Dr. Ramona Bishop, Superintendent of Vallejo Unified School District. We will be meeting with her administrative team soon. There is a current MOU that we will be bringing to the Board at a later date. He will be meeting with the President of Sonoma State on November 3<sup>rd</sup> about the relationship offering bachelor degree programs in Vallejo. He will be hosting a campus conversation on campus and employee morale on Friday, October 23<sup>rd</sup> from 10 am – 12 pm in the Honeychurch Board Room. He introduced an article in Local Happenings magazine about SCC alumni, and he thanked Curt Johnston for bringing this for the Board.

### **Charles Spillner**

Charles Spillner, better known as Chuck, started teaching Chemistry at Solano on Aug 16, 2000 after 26 years in research in the chemical industry. Besides teaching chemistry, Chuck has served as faculty advisor for the MESA Student Society, Flex Cal Committee Chair, Academic Success Center Coordinator, on the 2+1 STEM Grant and TRIO STEM Grant committees, many hiring committees and other committees on campus. He said his second career in chemistry education has been the best part of his career. He plans to retire to Sonora, CA and invites all to stop by for a visit on their way to Yosemite. According to his Dean, Dr. John Yu, Chuck is one of the best proposal writers that he knows.

### **Ron Zak**

Photography instructor Ron Zak grew up in blue-collar Pittsburgh, Pennsylvania and served in Vietnam. Drawn by anti-war protests in San Francisco, he studied at San Francisco State University, earning master's degrees in Psychology and Art with an emphasis on Photography and Printmaking—a far cry from his original plan to become a chemical engineer. His studies coalesced when he taught Photography on the psychiatric ward at Napa State Hospital. As a Fulbright scholar in 1989, he taught at the University of Belgrade in the former Yugoslavia. Travel has long been a passion for Zak, who has led photography travel-study groups to locations around the world, from Cuba to Cambodia; Italy to India. In addition to running his own photography business, he has taught at Solano for eleven years full-time and six years part-time before that, developing a cult following among his students. His Dean, Neil Glines, says: "Listen closely and you can hear the sound of students weeping and gnashing their collective teeth at the thought of him retiring."

### **Salvador Codina**

Sal Codina is a history professor with 23 years and 4 months of service. Sal came to Solano after finishing graduate school, so most of his career has been spent with us. He has served on campus committees and campus governance, including a year as Interim Dean of the School of Social and Behavioral Sciences. I had the pleasure of visiting his class last spring, when I was impressed with how engaged students were with an instructor who does not use high technology but rather lectures with occasional pictures or terms drawn on the whiteboard, while students interact fully with his teaching. Students say, "He's organized, communicates well, and is very specific" and "Mr. Codina has a good sense of humor and utilizes class time well." Sal will be missed in our college community.

**Marion Cowee**

Marion Cowee is a Child Development and Family Studies (CDFS) Professor with 9 years and 10 months of service. Marion has been active in CDFS as a vital part of a close knit group of instructors. Her internships and field trips are especially valuable for students in the program. Students say she “shares great stories about teaching young children, she knows her stuff” and “She understands and cares more than any teacher I've had before.” The School of Social and Behavioral Sciences will miss her.

**Robert DaPrato**

Robert DaPrato is a psychology professor with 44 years and 8 months of service. 44 years? Is that correct? Yes, Bob has been at Solano for a very long career. He has become a legend at Solano. He has been very involved in campus committees and student activities over the years. His students have said that “he is a really down to earth teacher”, “He is very funny and his class was always fun and interesting...”, “He makes learning about psychology interesting”, and “He was so funny and had lots of useful information. I learned so much!” The campus will never be the same without Bob DaPrato.

Dean Jocelyn Mouton provided recognition to the following employees:

**Barbara Pravao**

Barbara Pravao, been with us for 17 years. She started as an adjunct counselor and became a full-time counselor. She went on to become the interim dean and as a counselor with the transfer center. She is known as an expert, has a wonderful reputation, and students love her. She has done many things for SCC and she will be missed.

**Steven Springer**

Steven Springer has been with SCC for 9 years. He will tell you to “look for the bald guy”. He has been a full time counselor and is our technology expert who has been a great support with our SSSP needs. In the last 2 years, he has been at the Vacaville Center and the students love him. He will be a tremendous loss at our Center.

Her students say they appreciate that she “brought lectures from some amazing people in the community and from around the world.” They also say she is “An awesome woman full of information” and that “She teaches without teaching. Brings real life situations into class.” Her work with underrepresented students has been recognized at the state level. She will be a hard act to follow.

Vice President Greg Brown provided recognition to the following employees

## **18. ITEMS FROM THE BOARD**

Trustee Brown gave a report about highlights from her attendance at the ACCT Conference in San Diego. She also provided copies of materials that she received at the conference to Trustees. Trustee Brown reviewed the REG365 program opportunities available for SCC to participate and asked that we schedule a presentation time with the group in the spring. She also discussed a presentation by Grayson College about their dual credit programs and the linkages that they make with high schools that create access for students. The model also has courses Monday through Thursday, with Friday being reserved for collaboration and tutoring. She commented on the potential for Solano to remove “community” from its title in light of our bachelor’s degree. Trustee Brown concluded that there is no longer a high school exit exam, and she would like to propose the use of a college placement exam in the 10<sup>th</sup> grade, where it is coupled with a parent/teacher conference and development of an education plan that includes a plan for remediation as needed.

Trustee Chapman sought clarity about AB86 and the possibility of changing the name of Solano College. Dr. Minor commented that staff can present a thorough review at a future Board study session. There was also acknowledgement that conversations about the name change is currently taking place at Solano.
